

## My Religion

Warning! Block [Dick Cheney](#) from [making life difficult](#).

I regard most of religion as superstitious nonsense and/or politics.....but not all of it.

Certainly not [the most intelligent idea](#) that will ever occur to humanity. Most in the military, leave it to the chaplains to intercede with God on their behalf.....and don't much worry about it. And there are always a few nuts like me, who have to think long and hard, about the possibility that we might not always be allowed to live by [Hadith 13](#), [Luke 6:31](#), [Mencius VII.A.4](#) and [Matthew 7:12](#). We might have to participate in killing people.

يُحِبُّ حَتَّى أَحَدِكُمْ يُؤْمِنُ لَا قَالَ وَسَلَّم عَلَيْهِ اللَّهُ صَلَّى النَّبِيِّ عَنْ مَالِكِ بْنِ أَنَسٍ عَنْ  
لِنَفْسِهِ يُحِبُّ مَا لِحَارِهِ قَالَ أَوْ لِأَخِيهِ

And there is [Newton's 3<sup>rd</sup> Law](#) “What goes around; comes around”.....[Karma](#).

[互惠](#)

No longer in it, I still keep an eight shot pistol by my pillow and remember well, my military training:. Hesitation will get you and your buddies killed.

I will protect my family, friends and their pets. And, God forbid that I will ever have to do it (kill), until, and after, it happens, I try to live by the [Golden Rule](#).
